ONLINE LECTURE & STUDENT EXCHANGE

EDI Program

Section 1 - Online Lecture

Advancing Inclusive Research Practices in Materials Science for Sustainable Energy Applications

**Assistant Professor
Arunadevi Natarajan**

PSGR Krishnammal College for Women
Department of Chemistry

Advancing sustainable energy technologies requires not only scientific innovation but also the integration of **Equity, Diversity, and Inclusion (EDI)** principles within research practices. This lecture explores how inclusive research environments in materials science can accelerate the development of efficient, scalable, and environmentally responsible energy solutions.

Section 2 - Student Exchange

A great opportunity to get to know each other
with the EDI students in Tokyo & other locations!

Non-EDI students are also welcome to join!
