

Online International Conference

Gendered Innovations:

Creation of New Values through Sex and Gender Analyses

Gendered Innovations have the potential to change society. But how can it be realized? In this symposium, we will learn about the methodology of Gendered Innovations and examples of its implementation in other countries, and consider creating new values through Gendered Innovations in Japan.

性差分析による新しい価値の創造

September 7, 2022 (wed)

10:00~12:30 (in Japan)

Zoom Webinar

Japanese-English simultaneous translation
