

“Challenges and Key Empowerment Strategies for Women Leaders in India and Indonesia”

インドおよびインドネシアにおける女性リーダー：課題とエンパワメント戦略の観点から

This symposium is going to present research findings in India and Indonesia related to challenges and key empowerment strategies for the development of women leaders in those two countries, with many diversities within each country. The role of family (especially a father), culture, education and mentor will be specifically discussed. We hope you will join us.
