

## Research of Les Ballets des Champs -Élysées

Natsumi FUKASAWA

The purpose of this research was gathering and checking informations about Les Ballets des Champs-Élysées.

I've visited the Bibliothèque-Musée de l'Opéra National de Paris to research various reviews and critiques on Les Ballets des Champs-Élysées in newspapers, magazines and books. Moreover, I 've checked many programs and house programs of that company and some recitals.

I've also researched various films such as Roland Petit's *Les Forains* and Jean Babilée's films and Les Ballets des Champs-Élysées's documentary at the Cinémathèque de la Danse in Paris.

It will become clear the individuality and meaning in the context of the French post-war dance scene through these research.
